

A ONE-STEP CLEANER DISINFECTANT
EPA REGISTRATION NUMBER 34810-21

GERMICIDAL QUALIFICATIONS: (AOAC Use Dilution Confirmation) in the presence of organic matter (5% blood serum): *Staphylococcus aureus*, *Salmonella choleraesuis*, *Pseudomonas aeruginosa*.

ADDITIONAL ORGANISMS that passed the AOAC use dilution confirmation in the presence of organic matter (5% blood serum): *Streptococcus pyrogenes* Group A and B, *Pneumococcus pneumonia*, *Shigella dysenteriae*, *Klebsiella pneumonia*, Methicillin resistant *Staphylococcus aureus* (MRSA), Methicillin resistant *Staphylococcus epidermidis* (MRSE), Tetracycline, Novobiocin Streptomycin resistant *Staphylococcus aureus* (TNSR), Gentamicin, Methacillin resistant *Staphylococcus aureus* (GRM), Penicillin resistant *Staphylococcus* (PR), *Enterococcus faecalis* (VRE).

TUBERCULOCIDAL ACTIVITY TEST: AOAC, *Mycobacterium tuberculosis*

FUNGICIDAL TEST: AOAC, *Trichophyton mentagrophytes*

VIRUCIDAL ACTIVITY TEST: Influenza A3 (Hong Kong), Herpes Simplex Types 1 and 2, Vaccinia virus, Human Rotavirus, Respiratory Syncytial virus and Human Immunodeficiency virus Type 1 (AIDS).

EFFICACY IN THE PRESENCE OF ORGANIC MATTER: All of the above tests were performed in the presence of organic soil (5% blood serum).

EYE IRRITATION LEVEL: As the term is defined by the Federal Hazardous Substances Act (FHSA) Ready To Use Wex-cide is not an eye irritant. The EPA Toxicity Indicator for primary ocular irritation is best described as Category IV -- No corneal involvement or irritation.

SKIN IRRITATION LEVEL: Not a primary skin irritant as defined by the Federal Hazardous Substances Act (FHSA). EPA Toxicity Indicator is best described as Category IV – No irritation. Test Score 0.00.

ORAL TOXICITY: Not a toxic substance as defined by the Federal Hazardous Substances Act (FHSA).

DETERGENT TYPE: Synthetic-Biodegradable

APPEARANCE: Clear transparent liquid

CLEANING EFFICIENCY: Excellent

pH: 2.1 ±0.1

NOTE 1: OSHA requires that individuals decontaminating surfaces contaminated by blood or other infectious agents must wear appropriate personal protection equipment, including gloves, during the cleaning of blood or other potentially infectious materials and during decontamination procedures.

NOTE 2: Although Ready To Use Wex-cide is classified as neither an eye irritant nor a primary skin irritant, contacting eye or skin tissue with an antimicrobial agent should be avoided. Should contact occur, rinse with water. Should irritation persist, contact a physician.
